Description

Tape-measure drives begin by maximizing swing speed. The Acer XS Leggera version is a specialty 10g lighter version than the standard model making it one of the lightest weight premium drivers produced - period. When coupled with today's advanced sub-ultralight shafts and longer assembly length, it makes the tee box become a launching pad for the longest drives of your career.
This model features a white crown against the copper metallic and black PVD finish producing a one-of-a-kind appearance. 100% Titanium.

Hand	Loft	Lie	Weight	Face Angle	Face Height	Volume	Hosel ID
