Manufacturer part no.	BP901
Category	Putter

Shipping from Germany

Specifications

Weight	350 g
Hand	for right handed
Lie	72 d
Tip Diameter	0.370 in

Description

The Bionik 901 putter is a full mallet design with a high MOI for added forgiveness on off-center shots. It possesses a traditional offset configuration to position the hands ahead of putter for solid contact and a slight toe hang to compliment those golfers with a slight arc stroke path. The soft TPU face insert provides for added feel and there are bold alignment features to help you aim properly at your target.
