Description

THE Game of Golf
with patented ball connection * chip * Pitch Competition

Chi-Pi is a golf game and improves the playful short game behavior of each golfer. Two individuals or teams can unsubscribe with Chi-Pi various competitions against each other. Chi-Pi is based on direct (carry) Preview of landing zones, designed within the court werden.Chi-Pigrenzt the scope clear one. The patented ball-leash connection allows the ball in any situation a free natural rotation and a natural flight behavior to the ball stop limit. This is up to a maximum distance of 20 meters einstellbar.Der golfers improve at the game with Chi-Pi be away feeling learns the direction of impact and shock length to control and stabilize the correct dosage of your own swing. These skills play in the'' short'' game on the golf course a decisive role.

* Line length:. The line length is determined by the player. He wound up by the spindle only so much as is needed from linen. The maximum line length is 10 meters on the device.
** Landing zones: The target / landing areas are highlighted:
Hula-hoops, bands, jump ropes, golf clubs, umbrellas, boxes, buckets, rings, mats all kinds, towels, etc. you put in both halves of the field at random from within the ball-stop border.
In the team competition, for each successful strike (carry) in a landing zone points to the player / awarded.

Ball stop Skills / ball stop limit
After landing, the ball can only up to the full extension of the line - called'' ball stop limit'' - roll out. The ball is still in full extension of the line in the air, he is abruptly stopped at that moment and falls'' dead'' to the ground. The ball can then where it has come to a standstill, to be played again.
