Graphite Design Tour AD BB-7 Graphite - Wood X

Item number	GDBB7-WX
Brand	Graphite Design
Manufacturer part no.	GDBB7-WX
Category	Driver & Fairway

The Tour AD BB design features an increased stiffness from the tip-to-middle section to provide the player with more stability. The end result is a tighter shot pattern and an increase in ball speed. Tour AD BB was designed with the appropriate amount of flex in the butt section allowing players the ability to load the shaft properly thus creating a sense of power. Tour AD BB shafts will produce a LOW to MID piercing ball flight and reduce spin through impact

Specifications

Ball Flight	Mid
Torque	3 d
DSFI Range	not yet verified
Material	Graphite
Weight	76 g
Shaft Type	Wood
Flex	X
Tip Diameter	0.335 in
Raw Length	46 in

Description

The Tour AD BB design features an increased stiffness from the tip-to-middle section to provide the player with more stability. The end result is a tighter shot pattern and an increase in ball speed. Tour AD BB was designed with the appropriate amount of flex in the butt section allowing players the ability to load the shaft properly thus creating a sense of power.
