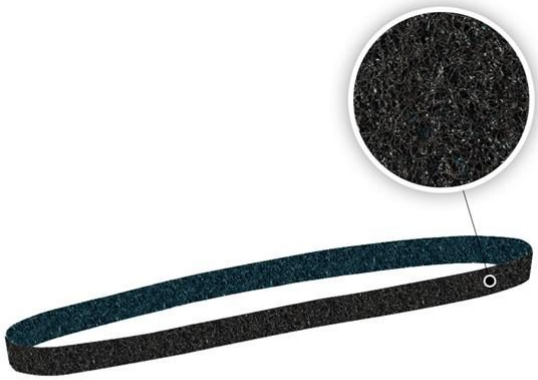

Graphite Tip Abrasive Belt 1" x 30"

Item number	GTAB-30
Brand	Mitchell
Manufacturer part no.	GTAB-30
Category	Tools and Accessories

1" x 30" abrasive belt for preparing graphite shaft tips before gluing – for belt sanders in the club-making workshop.

Description

Graphite Tip Abrasive Belt 1" x 30"

Before a graphite shaft is glued in, the paint must be removed cleanly from the tip so the epoxy holds. This abrasive belt for your belt sander does the job quickly and evenly.

- Size: 1" x 30"
- For sanding graphite shaft tips
- For belt sanders
