Category	Irons

Pinhawk Vertex Dual Length Eisen massgeschneidert – hochwertiges Golfzubehör von Tesi Golf.

Specifications

Material	431 Stainless Steel
Hand	for right handed
Club Type	Iron
for Handicap	High, Middle, Low, All

Description

Look to simplify your iron game with the Pinhawk Vertex. Not completely single length, and not traditional length. Instead, these have two different lengths: the 3, 4 and 5 irons are one length, and the 6-iron through wedges are another. This configuration results in no distance loss in the long irons and the full benefits of single length irons in the “short” set (6-SW). 2 different lengths, and just 2 swing planes, vs many planes in a traditional set. The 3 and 6 iron use a new iron technology necessary for correct distance gapping across the entire set. First, they have an ultra-thin, high strength cup face to help increase ball speed and maximize distance. The weight saved by the thinner face is positioned to allow for an optimal launch angle. This is a hollow bodied design that provides unparalleled forgiveness and distance. The suggested men’s length for the Pinhawk Vertex is 38" (for the 3, 4 and 5 irons) and 36.5", which are a typical 5 and 8 iron lengths respectively. Note that Pinhawk is a trademarked line of golf clubs not designed by Hireko Golf. Conforms to the Rules of Golf.
