Description

Star Grips Classic Wrap Undersize: soft, very tacky wrap grip

Size: Undersize · Colour: Red

The Star Classic Wrap is a soft, very tacky, seamless 360° grip made from a high-quality rubber compound. It literally sticks to your hands and does not twist. The classic perforated wrap design gives your clubs a timeless look and is gentle on your hands. The undersize version suits smaller hands and many lady golfers.

Features

- Very tacky, soft surface
- Classic perforated wrap design
- Comfortable for the hands, good damping
- 360° design without logo – suits adjustable clubs

Tapeless installation – ready to play at once

Star Grips have a particularly high rubber content and are therefore very elastic. With the Star Grip Installation Gun they are installed with compressed air in seconds – no grip tape, no solvent and no drying time. Classic installation with grip tape and solvent is of course also possible.

Alternative to Pure Grips

Have you played Pure Grips until now? Star Grips are the obvious alternative: also seamless, with a high rubber content and tapeless installation.
